Michigan Department of Community Health

Distribution: Hospital 03-04

Issued: May 1, 2003

Subject: Reduction in Hospital Payments

Reduction in GME Payments

Effective: June 1, 2003

Programs Affected: Medicaid, Children's Special Health Care Services (CSHCS)

Reduction in Hospital Payments

Pursuant to the Governor's Executive Orders (E.O.) No. 2001-09 and 2002-22 and to budgetary savings included in Act 519 of 2002, the Department of Community Health (DCH) is directed to reduce hospital payments by \$21,982,500 for fiscal year 2003. The reduction will be made by gross adjustment applied to medical/surgical hospital, rehabilitation distinct part unit and rehabilitation hospital payments.

A calculated share of the total reduction will be assessed to all hospitals and units operating and enrolled in the Medicaid program on the date the E.O. reduction is processed. The reduction will be based on inpatient hospital paid claims for hospital admissions from September 1, 1999 to August 31, 2000. (The last year of the paid claims data, used to rebase hospitals in FY'02, will be used to implement this E.O. reduction.) Claims were processed and paid using Medicaid DRG Grouper 17.0 and October 1, 2000 hospital prices. Paid claims include Title V, Title XIX, and Title V/XIX inpatient hospital claims. A hospital's share of the reduction will be calculated by dividing the total of its paid claims by the total of the paid claims for all eligible hospitals *times* the total amount of funds to be recovered.

Merged hospitals will have their reductions combined. Reductions will be taken from the surviving hospital.

Each hospital's paid claim file was reviewed and appealed at the time the data was created for the purposes of rebasing inpatient hospitals in FY'02. No further appeal of the inpatient hospital paid claims data will be allowed.

Each hospital's share of the reduction will be made by two equal gross adjustments to the hospital's inpatient hospital Medicaid ID number. The first reduction for half the total dollar amount will be made by the last pay cycle in June 2003. The second reduction for the

remaining dollar amount will be made during September 2003. Recoveries will be taken from the hospitals' payments until the E.O. reduction is complete.

A table is attached indicating each hospital's reduction.

Reduction in GME Payments

Pursuant to the same E.O. 2002-22 cited above, graduate medical education (GME) payments will be reduced by \$2,521,200 in FY'03. The reduction will be made as a percentage reduction applied equally to each hospital's GME payments for the last two quarters in FY'03.

Manual Maintenance

Retain this bulletin until the reduction is complete.
